You Know NOT Right

You See THE SIGNS:

! Weird behavior, acting dramatically different than the person you know
! Can’t walk on their own or hold themselves up
! Not responsive, can’t be woken up
! Vomiting while non-responsive
! Irregular breathing...very fast or very slow
! Skin tone/lips have bluish color

Any of these could be a MEDICAL EMERGENCY, and immediate action could make the difference.

Trust Your Gut. Call 911.
